

# Give your old laptop a "2nd life" for children, schools and refugees worldwide

- ✦ **Donate your unused laptop incl. power adapter for a good cause - requirements:** In working condition, Windows 8 or newer. No XP, Vista or Windows 7 (before 2014). No BIOS password! **You avoid e-waste and help children to get an education.**
- ✦ The laptop will be cleaned, all data wiped if requested (DoD), reloaded with Linux (Mint) and learning software (Edubuntu) and equipped with child-friendly content of Wikipedia data from Kiwix to enable learning even without an internet connection on site.
- ✦ Volunteers take the laptop with them and bring it abroad. Teachers supervise and train the children on your laptop. **You can follow the path of your laptop on the internet** and, if available, see photos of children and young people working on your laptop.
